

IN CONFIDENCE -CLIVE LLOYD CRICKET SUPER-STAR: ..

If anyone has his email address, kindly forward this to Sir Clive

From: **Errol M Harry**-.London-

Date 16 March 2015

A Confidential letter to **Sir Clive Lloyd** with an Urgent Request:

*After the brutal assassination in Guyana last week of anti-ppp Regime Political Activist **Courtney Crum-Ewing**, you are respectfully requested to now make contact with the **APNU-AFC Opposition Coalition** to arrange a photo-opportunity appearance alongside **Moses Nagamootoo(AFC)** and **David Granger(PNC)** on their Election platform similar and equal to the one you afforded **Margaret Thatcher's** 1983 Re-election Campaign at Wembley stadium...*

Dear Clive,

Since you do not know me personally I do hope that my first-name familiarity is not considered an impertinence but I am sure that you appreciate that to all Guyanese at home or abroad you are still our very own **Clive**, our National hero ...

I also appreciate that in the perilous times in which our country finds itself it might be considered ill-advised even risky to accede to the request above : to lend your considerable popular appeal and celebrity status to the pro-democratic pro-decency and anti-racism , Campaign for real change in our benighted country and for which **Mr**

Crum-Ewing's life was taken. This is him below

Nevertheless the cash-strapped Guyanese Opposition Coalition desperately needs your contributions (and from many other celebrities) at this crucial time in our history.

Clive these are days when even Guyanese Ambassadors abroad are keeping a very low profile. But as I hope you will any similar decision of yours to keep your own counsel and remain aloof will find yourself in very bad company indeed.

BACKGROUND -POLITICS AND SPORT.

I respectfully remind you of your contribution of a non-speaking photo-op at Wembley Rally for Margaret Thatcher in 1983.It was widely publicised on UK TV and in the press at the time.

I have to say that many blacks and Asians here in Britain were quite surprised at your political intervention on her behalf because we knew Thatcher and heard her call **Nelson Mandela** a terrorist.

We also remembered her statement appreciating (white) 'peoples concerns about our culture being swamped' (iv). This gave rise to the Police Stop and Search Operation against Black youths in Brixton called *'Swamp 81'*-which led directly to the 1981 Riots .

Clive it bothered a lot of people that **Margaret Thatcher's** refusal in 1981 to restrain husband **Denis** from making his views on the Youth uprising known: (send them back to *'Bongo-Bongo land'*), did not restrain you in 1983 from participation in her re-election Rally.

A few of us also recall your refusal just two years before this while touring Britain with the West Indies Cricket Team rally in 1980 to wear a black arm-band on the pitch as a tribute to your friend and Guyanese anti-dictatorship activist Professor **Walter Rodney** assassinated just like **Courtney Crum-Ewing**, on 13 June 1980.

Clive your contradictory stand for Thatcher ,this was your decision as a sportsman to do nothing political at a time when not only was Margaret Thatcher staunchly supporting the South African Apartheid regime but the campaign to ban South Africa from International cricket and sports in general was in full swing : The mantra at the time was *'there can be No normal sport in an abnormal racist Country'*

In considering my request you may also want to think about ex-Miss Guyana Beauty Queen **Shakira Baskh** ,**Mrs Michael Caine's** political intervention on UK TV. She publicly spoke out against the Burnham Dictatorship on the Eamon Andrews show- going so far as - to

compare the situation of Indians in Guyana as *just like in South Africa*.

This was not only an exaggeration of the Guyana situation under **Burnham** bad as it was, but also revealed ignorance of the Apartheid system where it was illegal not to racially discriminate. The point here is that her beauty Queen status as ex-Miss Guyana did not hand-cuff her mouth nor her mind. She had the balls to speak out.

It is also worth noting that since the democratic return of the ppp in 1992, and the gross excesses and avalanche of murders after 1999 we are still waiting in vain for a pip or squeak out of eminent Guyanese abroad like **Tony B-liar's** very own *Black Baroness (v)* and current UN's Refugee Chief **Valerie Amos** (see **John Pilger's** You Tube documentary on her role in re-moving Black people from Diego Garcia or go to his web-site) or **Trevor Philips** the Head of UK Human Rights Commission.

While '**Val**' is preoccupied with Syria, **Trevor** is rather busy as I write dealing with a monumental issue in the UK : '*British Racists are now afraid to speak out and losing their Freedom of Speech-(see today's Daily Mail headline 'Daring to speak out - the explosive truth about Race in Britain)* .

Clive, clearly **Trevor Philips** has never heard about Guyanese Attorney General **Anil Nandlall's** unique Dec 2014 interpretation of Freedom of Speech -murderously 'Charlie Hebdo'esque and rampantly sexist-see transcript below..

Similarly our mutual friend **Professor Colin Bobb-Semple** also once claimed (to me)that he knew absolutely nothing about **Mark Benschop's** imprisonment without charge nor trial. They are both wilfully ignorant Clive, to these going's on in the land of their Birth.

You must recall some years ago under **Jagdeo's** Presidency his Ministry of Sports memorably advertising the 20:20 Cricket Series and inviting fans to visit Guyana to experience **the 'unique East Indian Culture'** .

A few Questions Clive: Does this ppp Ministry still engage you as its well-paid Cricket Consultant? Does your contract include Equal non-racist access to Sporting facilities in Guyana? or is it strictly bat and ball tunnel-vision cricketing? How can the cricket be 'normal' if Guyana is deformed, contorted and convulsed by institutionalised racism?

Sir Clive PR-wise, you should never expose yourself to the faintest suggestion that such an illustrious son of the soil like yourself is just *a hired nun to dress up the Guyanese whore-house*. Or that your mouth will be silenced by *the food you are putting in it-*(**Martin Carter**).

I feel compelled to point out that while you might be recruited and selectively integrated by the Guyanese East Indian power Structure the masses of Africans are still excluded economically our Culture marginalised if not denigrated.

Clive this regime has even refused Africans in Guyana the right to choose the site of a Monument (the Parade Ground) to honour our Slave ancestors and the 1823 Uprising..

You will recall that, like **Denis Thatcher, President Jagdeo** himself did not restrain himself from announcing to the world via the Wall Street Journal that : '**India is alive and well in Guyana'** .

Racism is also alive and killing in Guyana Clive.

While this President of Guyana was excluding Black people in Guyana and his Sports Ministry was including you while denying our Culture,

you must be very careful not to allow them to bamboozle you .Nor to tranquilise your conscience with US Dollars.

There is a world of difference between genuine acceptance and cosmetic tolerance.

Clive, when you were playing cricket for our country or **Courtney Crum-Ewing** was running for Guyana it is instructive to realise that to certain powerful elements in the country Guyana you guys were actually representing India.

Little wonder that Indian and Pakistani cricket teams touring the Caribbean to play the *West Indies* play at home in Guyana

When **Courtney** crossed another invisible finishing line and took a 85 day solo stand against **Nandlall** outside his Carmichael Street office and against the Regime which supports him to this day, it was appropriate in another weird historical sense that they shot him down while he was sprinting Clive. Not for India nor Guyana but to save his own life...

Now All Guyanese without exception have a duty to honour this man. You too must honour him Clive by taking a stand against all the indecent things he died fighting against. A senior ppp Minister asked for an interview by a young female Journalist said to her '***I can still get an erection***'-read Freddie Kissoon's Column in Kaieteur News.

Your friend **Wally (Rodney)** was also an athlete. However, unlike **Courtney** who was trapped by a second car which blocked his exit *at the dark end of the street* that night in Diamond, **Walter Rodney** too once sprinted and escaped with his life. As **Chavez** said Por Ahora-For Now.

Faced with **Dictator Burnham's** Death Squads, House of Israel thugs, and his Police trying to arrest him at WPA Public meetings **Wally**

sprinted away in Kitty just like **Courtney**. This was in 1979 the year before they actually blew him up .

In February 1980, at Mashramanee the Guyanese Police band '*memorialised*' Wally's athletic prowess with a tune probably named by the then Dictator. It was called '**Run Rodney Run**'. **Burnham** promised to send **Walter** to the Olympics, but sent him to the cemetery instead on 13 June 1980..

Now 33 years later this current crop of infinitely more murderous ppp Dictators are brazenly trying to desecrate **Walter Rodney's** non-racist class-based legacy by using his assassination and their Inquiry as cheap political propaganda to bash the opposition before this Election .

They themselves are now prime suspects in the assassination of Courtney Crum-Ewing. This suspicion, only a suspicion mind you, is not an unreasonable one Clive .

1.Not after the Linden killings two years ago,

2.Not after the killing of Rasta TV presenter **Ronald Waddell**

3.Not after the avalanche of extra-Judicial killings of 200-500 mostly of young Black men at the hands of the Phantom Death Squad under **Roger Khan**-a ppp supporter now in prison in the US..

4.Not after the economic warfare unleashed on black people in Guyana by this regime best exemplified by the sacking of 60 Black miners on the picket line in 2012.

5. **Not After** the Environmental warfare unleashed upon African opposition strong-holds in Georgetown by withholding funds to clear clogged drains.

(i) **Not After** the Racist Berbice Bridge: positioning the Bridge between two Indian villages at its widest span rather than between two African Villages at the narrowest point.

5. Clive, after waging their racist Ambassadorial, cultural economic, environmental and just plain warfare against African people, the ppp is now planning to dispatch their Prime Ministerial Candidate **Black Busy Lizzie Harper** into our impoverished by design communities like Kwakwani to preach to black women about domestic violence.

Ms Harper and her conscience must be estranged Clive.

All this is well known and recorded history but also at issue today is 1. **Anil Nandlall** the self-styled 'Chatree Caste Attorney General confiding (last Dec 14) to a Kaieteurnews Journalist (who happens to be Indian like himself), of an impending **Charlie Hebdo** type attack on his work-place, among other prurient things. See transcript below

2. Courtney Crum-Ewing in response launched his immediate one-man 85 day picket outside Nandlall's Office in Carmichael Street - demanding his resignation for his abuse of wimmin alone...

For his troubles the hit-men shot **Courtney** once in the back of the head, twice in the temple, and twice in the stomach, Clive.

And Anil Nandlall is still in Office but hopefully after the May 11 Elections, Carmichael Street will be renamed **Crum-Ewing Street** with your assistance to the Opposition Coalition..

And check this out. **Nandlall** could not lower himself from his eyrie high up in the clouds to condemn the hit-squad. He is of the Chatree Warrior Caste remember.

Neither did he deign to offer any condolences to **Courtney's** family .This must be some indication of the unforgiving warrior caste mentality..

You should also know all other Ministers in this Regime have been as thunderously silent as **Nandlall** -apart from a statement from the Home Affairs Ministry condemning the assassination. This includes of course the freshly-minted **Busy Lizzie Harper** their own Czar'ina of Domestic Violence. Her deafening silence even as a mother herself speaks for itself.

This woman specialises strictly in Domestic Violence. The Political kind of violence and murder is outside her Prime Ministerial portfolio.

Presumably this it is this very lack of conscience and unquestioning obedience displayed at the Foreign Service, as well as her race and gender which guaranteed her choice as Prime Ministerial Candidate.

One can understand now how and why 44 East Indians were appointed Ambassadors. Hindsight is 22:20 vision. Mrs 'arper would appear to have had a virtually unblemished track record of racial discrimination against her own kind as Ambassadors '*while under orders (no Defence under the Nuremburg laws)*

*We can tentatively conclude therefore that ppp Prime Ministerial Candidate **Harper**, with an apparent predilection for following instructions to the letter, is a digitalised a 21st century house slave. Seemingly devoid of 'cognitive dissonance' she also seems blessed with an uncanny capacity to 'switch off on demand: ie to place her conscience into solitary confinement.*

Like the famous Delete box inhabiting the darker recesses of Hilary Clinton's cavernous mind: for all her State Department emails, the Billions of missing dollars and for all Bill's sex-apades,.

Kindly rescue me if I am wrong on this Clive .Do you know this Guyanese upside down Rosa Parks? Or anyone who does?

I am informed that she is the daughter of famous Architect **Aubrey Barker** who designed South Riumveldt where our people are housed. I wonder what went wrong.

Just last week you might have heard former President **Bharrat Jagdeo** on the election trail making subliminal '*dog-whistle*' type noises about his ppp party being seen as a 'Coolie Party' .

Indeed it is Clive. Quite a few of these East Indian Ambassadors are unqualified and/or lack any Foreign Service experience. On the other hand it would appear that few if any belong to the Chat-3 Warrior Caste of Attorney General **Nandlall**. According to him even ex-President **Jagdeo** himself does not belong.

Clivey-oops Sir Clive! this **Nandlall** character is clearly in a Caste of his own . Read the transcript below but be warned this is not for your edification .

After reading it (*this is better than listening to the tape because you can pause re-read ,parse and analyse prior to digestion or throwing up according to the lining of one's stomach and one's sensitivities*), the distinct impression is conveyed that this Chatree Caste was designed strictly with **Nandlall's** Ancestors and progeny in mind.

YOUR AFRICAN ROOTS AND ANCESTRY.

Which is your African Tribe Clive? Mandingo on the African West Coast or Central African Tutsi ? I suspect the latter because of your

height like **Chris Gayle's**- although the Wa-Tutsis themselves migrated from Ethiopia many moons ago to literally look down upon and then oppress the Bantus in Rwanda/Burundi with the encouragement and assistance of the divide and rule Colonialists.

Clive , kindly note that after the banning of the Trade in Slaves in 1804, (not Slavery) British Plantation owners and Slave -masters in Barbuda West Indies switched from Sugar, Tobacco and cotton to slave-breeding to supply other slave plantations.

*You Chris and Joel Garner might have local transient Roots in Barbuda too. Y'aal must check it out. So which Bantu tribe would you place lil **Roy Gichrist** the tornado? But he could be a Tutsi throw-back. Me? My African friends say I'm definitely Fulani.*

Clive many years ago when I took a Guy-American cricketing former friend **Dason Hazlewewood**-(he's also a friend of your good friend **Prof Colin Bobb-Semple** now also my ex-friend) to buy gear at Lilywhites the Sports Goods shop in Piccadilly Circus, I enquired about a size 22 Trainer on display: Is this for sale or just display? The reply? For sale and only black American sportsmen buy them.

Or Barbudian.

I do not digress. As **Hitler** himself remarked in the early 1930's to a Black Professor in Germany claiming to be American : *I feel sorry for you people'* -Clive did you see the picture of current President Ramotar *back-balling* the African woman at a party in Guyana? No reverse that..(Google it).

As our Cricketing Ambassador I am sure that you have been entertained by both Presidents **Jagdeo** and **Ramotar** But do you really know **Jagdeo**?

By the way, in your social interactions have you ever caught any of these two country wreckers paying any unusual interest in the length of your fingers or size of your shoes? The way some wimmin do?

I am curious because it has just been revealed by ppp Regime scourge and Kaieteur news Journalist **Freddie Kissoon** -an ex-UG (University of Guyana UG Lecturer before the ppp sacked him peremptorily without charge after the last election,) that **Jagdeo** once observed to an Indian UG official in Freddie's presence: '**Yaal got black man f.....g all dem Indian girls at UG**'

Only the Hindu Gods know what would have crossed **Jagdeo's mind** if you had revealed to him that our own Africanist Warrior-Class Batsman and West Indian Cricket team Captain **Viv Richards** -(he who attributed our success to the number of Africans in the team) - had had an affair and produced child with an Actress in India. .

Mind you, we must not raise any spectres or tempt fate by trying to find out how **Nandlall's** between-the-sheets Chat-3 caste mind would have reacted to this..

Clive you had better believe that when you, **Chris** and **Vivvi** stride up to the Cricket crease to take strike a whole lot of troubled minds do not only see balls flying hither and thither like the rest of us .They also see African tripods running between wickets *made of nuff black-heart Wood*. This has been left out of **CLR James** *Beyond the Boundary*'.

And Oh No! '*Goodness Gracious Me!*' (UK Asian Comedy -see on You Tube) this '*Africanist West Indian*' description of **Vivvi** is an obvious contradiction in terms ie an oxymoron rooted in Columbus's ignorance of Geography .

I believe it is high time UWI History Professor **Hilary Beckles** of your West Indian Cricket Board of Control starts challenging the effects of Columbus's error which has led to an identity crisis in our team and through-out the English-speaking Caribbean.

I believe this identity crisis partly explains the lack of discipline and tenacity in the way we so-called African *West Indians* do not play the game. eg reminds me of the Argentinians who are really Italians who speak Spanish and believe that they are English..Or Africans in Monsterrat who still think Ireland is their Mother Country.

Professor Beckles needs to tackle Columbus and lead the transition to a Caribbean Cricket Team instead of insulting (and apologising to) Brother-man **Chris Gayle** . As **Burning Spear** and all of us know *Christopher Columbus is a damn blasted liar!*

Our cricketers are neither East Indian, nor bogus *Western Indians* from *Bangadesh*. No one Clive least of all you, should now imagine that **Jagdeo** and his ilk do not clearly *over-stand* the distinction between *Indians* at home ,in Guyana and in the Caribbean and so called '*West Indian*' Cricketers.

Even if they may not be aware of the Slave Markets of Karachi as **Ron Segal** has shown in *Islam's Slaves*, **Jagdeo** and his 'coolie' ppp party have correctly embraced their Cultural heritage and with it the colour-coded Caste-System.

Clive, we must not be bamboozled either by the window-dressed up Africans fronting for the ppp like '**Bishop**' '**Edjah-Boy**' **Edgehill**, **Lumumba**, **Bynoe**, **Minister Robeson Benn**, '**Out to lunch**' **Dr Roger Luncheon**(i) nor the recently kid-napped **Bizzy Lizzie Harper**.

This African contingent merely constitutes compelling evidence of what **Wally** Rodney used to call the *'selected integration practised by racists to disguise the nature of the state.*

Do not condemn these African window-dressers Clive because:

As the slave ship was about to pull out of Accra Ghana or Luanda Angola if you like, the Master would bawl out to his European 'Factor' on the shore :'**Throw in dem lil ones runnin 'bout pon de beach and mek up the parcel nuh?**

They deserve our sym-pity leaving their African minds behind in Africa when they were kidnapped and forced to 'travel'...

Of course such empathy and sym-pity cannot be extended to other ppp fellow travellers like UG **Professors James Rose** and **Compton Bourne** and your friend UK 'Low' Commission lounge-Lizard **Professor Colin-Bobb-Semple** who I am un-reliably informed was awarded a sizeable US Dollar contract by the Ministry of '**Illegal Affairs**' (ii)

Since **James Rose** is a competent Historian and **Colin** knows his Guyanese Slavery -he once performed as **Cuffy (Kofi)** in African regalia on Guyana TV,- this is clearly a rather peculiar and specialist '*parcel*' of intellectual and psychological sub-*juju*-gation- which I have addressed elsewhere,-for which a special category must be conjured up in order to accommodate them.

Whatever the new category, what Sacaree Rhodes a black woman and Community activist in Philadelphia said about Temple University's **Prof Molefe Asante's** dismissal of grass-roots **Professor Anthony Monteiro** (then replaced him with our own **Kimani Nehusi**) **applies to all of them: What the f... is all this Afro-centricity? We gotta stop romanticising *treachery*..'**

In conclusion with the 11 May Elections Guyanese have the last chance of finally emerging blinking into a new dawn out of the darkness of rampant racism , sexism and Paramountcy politics inherited from both **Burnham and Jagan** .

Clive the least which can be reasonably expected of you as a Cricketing luminary and Patriot is to do for Guyana, for **Courtney Crum-Ewing's Campaign**, for **Wally Rodney**, and for the financially strapped Opposition Coalition battling against this monstrously corrupt ppp Regime, is to do what you did for **Margaret Thatcher** at Wembley .

Nothing less but perhaps a little more. Remember if a picture is worth a thousand words yours must be worth 50000 at home . **Courtney Crum-Ewing's** last shouted anti-ppp slogan which so enrages the racists at Diamond last week was :

*'If you don't like Black people **then Vote Nagamottoo-If you don't like Indians **then Vote Granger!*****

Martin Luther King said; *'All it takes for Evil to triumph is for good men (and women) like yourself to do nothing..'*

This is the reason I have taken the trouble of writing to you.

Thanks in advance for your time and patience to read this..

Errol M Harry-London UK.

(i)A brilliant African Medical Doctor out of Howard University in DC he swore on oath in President **Jagdeo's** Racism Libel case against **Freddie Kissoon** in Georgetown that no Africans could be found who were qualified to be Ambassadors, then could not cite the pre-requisite 'qualifications'

(ii) Yes 'Illegal' Affairs because **Charles Ramson**, the Minister of Legal Affairs said publicly that when he first heard the rumours that a certain ppp Minister was Phantom Death-Squad Chief Assassin **Roger Khan's** Controller he thought they were actually speaking about he **Ramson** 'himself'.

(iii) **Ramson** is now Freedom of Information Commissioner based in **President Ramotar's** office.

(iv) 11 April 2013 Australia's Foreign Minister, Bob Carr, has distanced himself from the chorus of overseas politicians eulogising Baroness Thatcher, recalling an "unabashedly racist" comment she made in relation to Asian immigration.

Mr Carr said that during a conversation with Lady Thatcher after she had retired, and with his Malaysian-born wife, Helena, standing nearby, the late British prime minister warned him "against Asian immigration, saying that if we allowed too much of it, we'd see the natives of the land, the European settlers, overtaken by migrants".

Mr Carr told ABC TV's Lateline programme that Lady Thatcher cited the example of Fiji, "where the Indian migrants have taken over". He said: "I couldn't believe it. ..."

(v) In 1990 as Minister for Africa, **B-liar** dispatched **Val** to the UN Anti-Racism Conference in Durban South Africa to tell the Conference '*definitely No Apologies for Slavery*' Is this Baroness woman a friend of Mrs **Harper** by any chance?
